

Alcohol Sales

The City of Huntington ordinances regulate the control of alcohol sales and establishments in partnership with the WV Alcohol and Beverage Control Administration and City licensing. It is unlawful for anyone to manufacture or sell any alcoholic beverage without a license from the City. To obtain an alcoholic beverage license, the business must first contact the City Planner to determine if the location allows for the sale or consumption of alcohol. Please email the City Planner, Bre Shell at shellb@cityofhuntington.com for additional information. You also need to contact the WV Alcohol and Beverage Control Administration and obtain a license application.
