

Love Your Block 2021 Information Sheet

Program Background: Love Your Block is a city funded program that focuses on revitalizing neighborhoods through volunteer led community projects. Our mission is to rejuvenate neighborhoods from the bottom-up with the help of community members, while working to increase the community's ability to address issues impacting residents. Each year, community members propose their projects through our Application Process. Awarded applicants receive mini-grant funds to complete their proposed projects.

LYB 2021:

This year LYB will be providing funds of up to \$1,000 for selected Neighborhood Improvement Projects! Community members can propose their Neighborhood Improvement Projects to us by completing an application and submitting it to us.

LYB Program Coordinators:

The LYB Coordinators are AmeriCorps Members. With the assistance of City Administrators, they engage community members and coordinate services with the goal of empowering residents to create the changes they want to see in their own neighborhoods.

LYB Program Categories: Eligible projects should fall into at least 1 of the following 3 categories

1. Litter Prevention Campaigns
2. Beautification Projects
3. Communities Activities

See our Project Example Sheet for some creative ideas in each category!

Past Projects:

Celebration Church (2020) used their mini-grant to revitalize their play ground by adding flower beds, painting equipment, and adding new lunch tables!

The Wild Ramp (2019) used their mini-grant to build a pollinator garden by their shop!
