

PRESS RELEASE FOR IMMEDIATE RELEASE

September 14th 2023

Hal Greer Boulevard will be closed to traffic between 7th and 8th avenues from 6 p.m. to 6 a.m. nightly beginning Monday, Sept. 18, as crews work on relocating a water line in the Hal Greer Boulevard underpass.

During the hours of the water line relocation construction, traffic will be detoured at 8th Avenue and 7th Avenue along Hal Greer Boulevard to the 8th Street underpass.

This work may take several days to complete, but the work will take place in the evening and early morning hours to minimize traffic delays. This project should be completed within a week.

The traveling public should proceed with extra caution and watch for flaggers, equipment and workers. Please use caution when adjusting to the temporary traffic patterns.

This phase of the Hal Greer Boulevard Renovation Project's goal is to improve connectivity and safety for all modes of transportation on Hal Greer Boulevard from Third Avenue to Washington Boulevard and transform the corridor into a welcoming gateway and community asset.

Traffic traveling through the area should pay attention to posted signs and message boards for current traffic patterns.

Drivers should expect delays and adjust their commuting schedules.
