

# HAL GREER BOULEVARD COMPLETE STREETS PROJECT

## PROJECT FEATURES

### CHARLESTON & 10<sup>TH</sup> AVENUE REALIGNMENT

As part of the Hal Greer Boulevard Corridor Project, the Charleston Avenue and 10<sup>th</sup> Avenue intersections will be realigned to connect across Hal Greer Boulevard. This will consolidate traffic signals, reducing delays and improving safety. High-visibility crosswalks and pedestrian countdown signals will also be installed at these intersections.

## BENEFITS

IMPROVES SAFETY

REDUCES POINTS OF CONFLICT BETWEEN MOTORISTS & PEDESTRIANS

INCREASES EFFICIENCY OF TRAFFIC LIGHTS
