## Project Overview

### [Introduction/E Templates](#)

Recipients are required to enter projects funded through SLFRF funds as part of their Project and Expenditure Report. Projects can be entered, viewed, and updated from this screen.

### [Recipient Pro](#)

### [Project Over](#)

All projects, regardless of Expenditure Category, require a set of "standard" data fields. Some of these fields, such as project name and project ID, are static and do not change across reporting periods. Other fields, such as status of completion and total obligations, will change across reporting periods.
