Impervious Surface Additional Information – Non-residential Properties

Contact Information – Please Print

Account Number (Found on Sanitary Board bill):	Date:
Name of Contact Person:	Name of Business:
Address:	City, State and Zip:
Daytime Phone:	Email:
Parcel Number:	
Service Location (if different from above):	

Please provide a copy of a certified survey or recorded plat created within the past 12 months, indicating the area in square feet of all impervious surfaces on the property. Provide all measurements of impervious surfaces on the property on an attached sketch. You may also provide photos.

Special notes:

Impervious surface is ground that is covered by buildings, parking lots, driveways, gravel, pavement, compacted dirt lots on industrial sites, or any other material that does not allow rain water to soak into the ground.

Additional information will be subject to verification via geographic information systems using aerial photography and/or satellite imagery. At the discretion of the HSU staff a site visit may be conducted for ground measurement of the impervious surface in question.

Property owners may not appeal the inclusion of gravel surfaces as an impervious surface on their water quality fee.

Additional Information will be reviewed by the HSU staff, and a response will be mailed to the address provided above. Please allow 60 days from the receipt of this form for a reply.

Please note that by submitting this form you certify that all statements made on this form are true, accurate, complete and correct to the best of your knowledge and belief. Further, you acknowledge that any or all information provided is subject to verification and hereby authorize the Huntington Stormwater Utility to conduct a site visit of your property as needed.
